Step-by-step Install Instructions available [here](#) if you need further help.

Click on Start → Programs → Persona Windows Client

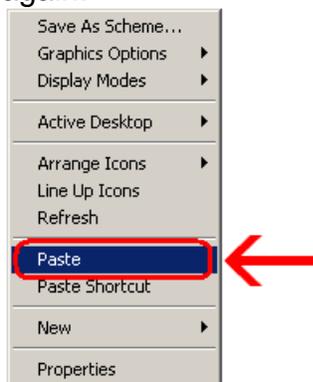

Then **right click** on **ThinTerm.exe**

Click on **Copy**

NOTE: it will look like nothing happened and that is OK

Now **right click** somewhere out on your **desktop** in an empty area. Then click on **Paste** from the menu that appears. If Paste is grayed out, you must go back and copy again.

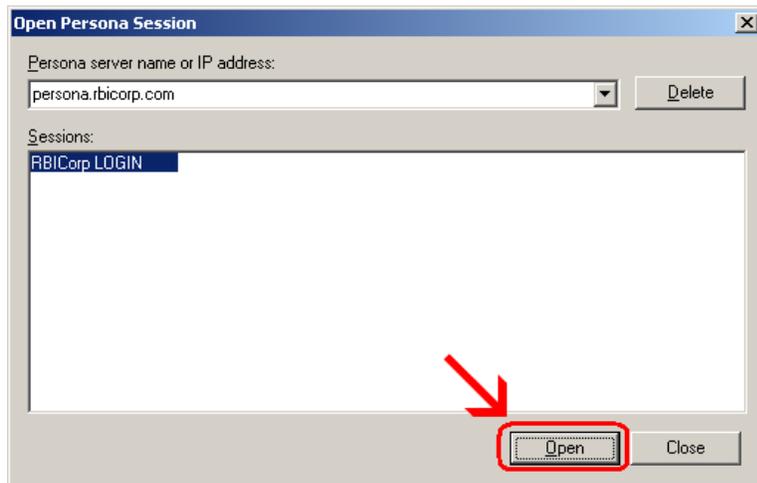

Now double click the new icon on your desktop

ThinTerm.exe

If it is not already in the top box, **type** in **persona.rbicorp.com** and **hit Enter** on the **keyboard**. Then click on **RBICorp LOGIN** once to highlight it and then click on **Open**

This will connect to the Persona server and prompt you for a username and a password.
